Utah Wing,

After a commendable term in service as the Wing Director of Communications, Maj Ted Conrad is stepping down to pursue other adventures with CAP. Thank you, Ted for your service and diligence during your term.

With that, the position of Director of Communications now stands in need of another exuberant and diligent volunteer.

Interested parties should submit their interest and willingness to fill this position directly to me for consideration. We have done great things under Maj Conrad's service and supervision and we intend to keep the trend going as we move into the next year.

Respectfully,

Jason R. Hess, Capt., CAP
UTWG DCS/Response
